Braemar ER3 and ER7 Series Event Monitor Trade-In Program

Advanced Biosensor is offering you an exciting opportunity to trade-in your current or older Braemar Event Monitors for new updated and state of the art devices!

All ER3 and ER7 Series Event Monitors may be returned (regardless of condition) for credit toward purchase of new ER910 or ER920 Kits (without Atrial Fibrillation). These new Kits will have Bradycardia, Tachycardia and Pause algorithms and have new cables and lanyards. The Trade-In Program will be one for one.

If you prefer to trade-in your units for Kits with Atrial Fibrillation detection, there will be an additional charge of \$100 per Kit. All new devices will come with a full one year Manufacturer's Warranty.

Please contact Customer Support at 1.800.443.3816 x 102 for an RMA to return your old devices or complete the bottom of this form. As soon as we receive your monitors, we will ship out your new Braemar ER9 Series Event Monitors (usual credit terms and freight charges apply).

Return	Get	Pay
ER3 or ER7 Series	ER910 Kit	\$275/each
ER3 or ER7 Series	ER920 Kit	\$295/each

Request for Trade-In Program RMA:

I am returning _____ (#) of ER3/ER7 Devices for the Trade-In Program. I will use RMA _____ and return them prepaid to the above address. If required, I will also fax or email a separate purchase order for the new kits. Please list the serial numbers of the ER monitors that you are returning for trade-in below:
